**OSTRICH FARM—South Pasadena—**NEARLY ONE HUNDRED GIGANTIC BIRDS.  
TIPS, CAPES AND BOATS—The Best and Cheapest.

## UNION PACIFIC MONEY.

ARRANGEMENTS BEING MADE FOR ITS PAYMENT.

Ten New York Banks Selected as Depositories—Care Being Taken So as not to Disturb the Money Market by the Deal.

[ASSOCIATED PRESS NIGHT REPORT.]  
NEW YORK, Nov. 3.—Assistant Secretary of the Treasury A. F. Vandenberg is in town on matters connected with the Union Pacific Railroad, his purpose being to designate a number of banks to act as depositories for the Union Pacific money.  
Mr. Vandenberg visited Assistant United States Treasurer Jordan at the sub-treasury shortly before noon.  
The Union Pacific Reorganization Committee announced today that a call had been made for the third and last installment of \$5 per share on certificates of deposit for Union Pacific stock. Payment is to be made on or before November 24.

A DOZEN DEPOSITORIES.  
[ASSOCIATED PRESS NIGHT REPORT.]  
NEW YORK, Nov. 3.—In the afternoon there was a conference at the Chase National Bank between Mr. Vandenberg, President Cannon of the Chase National Bank, Vice-President Hepburn of the National City Bank and Treasurer Jordan.

Secretary Vandenberg asked to be excused from stating what had transpired, but from another source it was learned that the government has decided to designate about a dozen financial institutions of this city to act as depositories.

The conditions laid down by the Treasury Department are said to be entirely satisfactory to the banks concerned.

**VANDERBILT'S MISSION.**  
[ASSOCIATED PRESS DAY REPORT.]  
WASHINGTON, Nov. 3.—Assistant Secretary Vandenberg has gone to New York to arrange for receiving from the Reorganization Committee of the Union Pacific Railroad the proceeds of the recent sale. Mr. Vandenberg's purpose is to effect the transfer with as little disturbance of the money market as possible. Several New York banks have signified their willingness to accept on temporary deposit a share of the whole amount being placed, and agree to furnish the necessary indemnity bond, but the aggregate of these offers is only about \$20,000,000. As the proposed arrangement is solely in the interest of a stable money market, it is asserted that the whole will be accepted.

**Burned in His Cabin.**  
DENVER, Nov. 3.—A special to the *Republican* from Prescott, Ariz., says: "The cabin of William Moore, familiarly known as 'Old Valdy,' on Lynx Creek, was totally destroyed by fire some time in the night, and the burned body of Moore was found in the ruins this morning."

**Dutch Sugar Duties.**  
WASHINGTON, Nov. 3.—Assistant Secretary Howell gave a hearing today to the Netherlands Minister on the question of the assessment of a countervailing duty against sugars imported from the Netherlands. It is not probable that a decision will be reached within the next several days.

## THE OFF YEAR

Democrats Celebrate Their Victory.

Rejoicing in the Tenderloin Over Tammany's Triumph.

New York Legislature Controlled by the Republicans.

OHIO COMING OUT ALL RIGHT.

Republican State Ticket Has a Handsome Plurality.

The Legislature Still Claimed by Both Parties.

John R. McLean Trottled Out for the Presidency.

A SCHEME TO DEFEAT HANNA.

Democrats Will Unite With Disaffected Republicans to Elect Gov. Bushnell to the Senate—Results in Various States.

[BY THE TIMES' SPECIAL WIRE.]  
NEW YORK, Nov. 3.—[Special Dispatch.] When the sun started on its daily trip across the skies this morning it saw part of New York's population still parading the streets, whooping, yelling and blowing tin horns. There was very little sleep enjoyed by the citizens of this man's town last night, for that portion of the population which remained up all night seemed deliberately intent on keeping the sleepy ones awake.

Long before Van Wyck's election was officially announced Broadway, from the Battery to Harlem, was one seething mass of impatient humanity. Megaphones, tin horns, and sereeners rent the air with hideous sounds from nightfall until after sunrise. As this is written a crowd of several hundred Tammany Indians in front of the West Twenty-third-street telegraph office is holding a seance.

As the night wore on the enthusiasm of the Tammanyites became more intense and then their ardor knew no bounds. They were celebrating their return to power after an absence of three years. The tenderloin madly rejoiced over Tammany's victory. The good old days had come again for the good old tenderloin. Crowds began to gather in the tenderloin as early as 6 o'clock in the evening. At 10 that backbone of the tenderloin between Fourteenth and Forty-second streets was almost impassable. At 6 o'clock this morning it was still filled with people, many of whom were staggering under their libations to the patron saint of the city that will be "wide open."

Van Wyck's vote has gained steadily since my earlier dispatch, so the indications now are that his plurality will be \$4,000. The Sun gives these figures, while the Journal, the Telegraph and the Press place his plurality close to 90,000. Following is the vote given in the 6 o'clock edition of the World: Manhattan borough—Van Wyck, 142,163; Low, 75,538; Tracy, 55,629; George, 12,362.

Kings borough—Van Wyck, 77,400; Low, 63,954; Tracy, 37,688; George, 6708. Queens borough—Van Wyck, 9500; Low, 4701; Tracy, 5188; George, 912. Richmond borough—Van Wyck, 4871; Low, 2705; Tracy, 2787; George, 548. Total vote—Van Wyck, 233,934; Low, 147,339; Tracy, 101,272; George, 20,530.

Plurality for Van Wyck, 85,595. These figures are, perhaps, as correct as it will be possible to get until the announcement is officially made. Byrd S. Coler is elected Comptroller, and Randolph Guggenheimer president of the Municipal Council. The Democratic candidates for borough presidents of Manhattan, the Bronx, Kings, Queens and Richmond, and the Democratic nominees of the party for Justices of the Supreme Court and for county offices in the counties comprised in Greater New York received large pluralities.

The Municipal Assembly will be overwhelmingly Democratic in both the Council and Board of Aldermen. The Democratic candidates for the State Assembly were elected with very few exceptions. The World figures the Assembly as follows:

	New Assembly.	Former Assembly.
Republicans	85	114
Democrats	58	55
Cit. Union and Rep.	6	—
Independent Rep.	—	1
Hold-over, Senate—Republicans, 36; Democrats, 14.		

The vote which Henry George would have received, had he lived, was cast for Judge Van Wyck and his associates on the city ticket. That portion of it which rallied to the support of the younger George when he became a candidate in his father's place, was cast for the Citizens' Union ticket in New York, and the Democratic tickets in Kings, Queens and Richmond counties. It was so small, however, that it had no appreciable effect on the results.

Early this morning Boss Croker gave out the following signed statement: "The true people of Greater New York have voted today stamped out hypocrisy, bigotry and lies. The people of this city will once more enjoy personal freedom commensurate with the laws, and personal liberty. The canvass on behalf of the Democratic party was conducted in a fair, honest and manly way. Democracy won because it represented the people's interests." [Signed.] "RICHARD CROKER."  
Seth Low, who caused the Republican defeat, comes out with this: "The year has been a heavy Democratic year everywhere. Tammany has felt the advantage of this strong tendency. I think this circumstance shows the absolute necessity, if it also shows the difficulty, of separating municipal from State and national issues, if cities are ever to be governed on their merits. There is no need of despair of good government in the city when such a struggle could be made against such odds. The returns show that there was no possibility of Republican success in the contest on party lines, nor is it possible to imagine a time when in this city there will be."

The Sun, the only paper to support the Tracy campaign, comes out editorially this morning, rapping Seth Low over the knuckles and patting Tracy on the back for his gallant fight. It says, in part: "Glory first of all this morning for Benjamin F. Tracy. He has stood like a veteran and hero. He is against the open enemies of Republicanism and conspirators and traitors who have called themselves Republicans. He has preserved the integrity and honor of the Republican organization of New York."

The Tribune prints the following signed statement: "LOS ANGELES (Cal.) Nov. 3.—[To the Editor of the New York Journal.] The Journal's manly, consistent course in supporting Van Wyck deserves the commendation of all real Democrats. The spurious element, now obviously Republican, goes where it belongs. Congratulations upon the victory which the Journal's support made possible." [Signed.] "STEPHEN M. WHITE."

The Tribune blames Platt for the Republican defeat, while the Herald, which supported Low, is silent.

PHOCION HOWARD.

## OHIO.

Day of Anxiety for Politicians.

Democratic Hopes Waning.

[ASSOCIATED PRESS NIGHT REPORT.]  
COLUMBUS (O.) Nov. 3.—This has been a day of anxiety with the Ohio politicians. It opened with the Republicans and Democrats both claiming the election of their State tickets and a majority of the Legislature. This forenoon the Democrats conceded the election of the Republican State ticket by a large plurality that was given last night in the earliest of these dispatches. Tonight the Democratic State Committee announces no definite claims on the Legislature, and the Republican platform committee raised its claim to a majority of five on joint ballot as follows: Senate, 17 Republicans, 19 Democrats; House, 58 Republicans, 51 Democrats; total, 75 Republicans, 70 Democrats. Wood county has been conceded to the Democrats until tonight, when the complete returns caused the Republicans to claim it.

On the returns complete at Republican headquarters, the Democrats will have a majority of two in the Senate and the Republicans seven in the House. The fusionists from Cincinnati are all counted as Democrats. The Republicans can organize the House without them. The House is the only one of the four Senators elected on the Fusion ticket in Cincinnati who is a Republican, and he now believes that if Senator Voight should vote with the Republicans on the organization of the Senate, or anything else, the vote would be a tie with the Lieutenant-Governor, a Republican, having the deciding vote.

The Republicans now expect two or more of the fusionists to vote with them for Governor, and to elect a majority of seven on joint ballot, with 77 Republicans and 68 Democrats.

It was thought today that control of the Legislature might depend upon one vote, there was apprehension of trouble in some counties. The House without them. The House is the only one of the four Senators elected on the Fusion ticket in Cincinnati who is a Republican, and he now believes that if Senator Voight should vote with the Republicans on the organization of the Senate, or anything else, the vote would be a tie with the Lieutenant-Governor, a Republican, having the deciding vote.

## INDIAN RELIEF

Misapplied Charity of Americans.

Steamer Everett's Cargo Given a Cold Reception.

Discourtesy and Insult by British Officials at Calcutta.

Vessel Labeled for Customs Duties and Crew Assailed by Sepoy Ruffians—The Outrage Referred to the State Department.

[BY THE TIMES' SPECIAL WIRE.]  
DULUTH (Minn.) Nov. 3.—[Special Dispatch.] Capt. Alexander McDougall, general manager of the American Steel Barge Company of this city, today received an official report from Capt. L. Lavergne of the whaleback steamer City of Everett, which sailed from San Francisco some time ago with a relief cargo for the famine sufferers in India, in which the most sensational charges of discourtesy and insult are made against the British customs officials at Calcutta and English residents of that city.

The report is dated at Calcutta, September 18 last. At that time the Everett was loaded on account of the inability of Capt. Lavergne to pay the duties the customs officials levied on the cargo.

When the American whaleback entered the harbor at Calcutta, trouble began. The English pilot informed Capt. Lavergne that he would have done better to have brought a cargo of rapid-fire guns to kill the natives, rather than a cargo of food to keep them alive.

Then the customs officials refused to allow the cargo to land without paying what Capt. Lavergne terms an exorbitant duty. For ten days the vessel remained at Calcutta, without being able to land any cargo. In the meantime English traders and subjects are said to have used every possible means to induce the natives to refuse to accept the supplies.

The American Consul at Calcutta was away on leave, and Capt. Lavergne applied to the Consul at Manila, but was told Calcutta was out of his district. Capt. Lavergne offered to pay the duties, but in doing so informed the officials that he had not been charged duty at Singapore, whereupon the customs officers promptly assessed these

duties against the Everett's cargo also.

The same report states that three American sailors of the Everett were assaulted in a saloon in Calcutta by Sepoy sailors from British merchantmen the day after the Everett reached port, and two are still in the hospital.

The officials of the American Barge Company will take immediate steps to get the Everett out of Calcutta, and will probably refer the captain's report to the State Department at Washington.

In his report, the captain says the American Consul at Manila is a disgrace to the United States, while he pays high tribute to the efforts of Gen. Pratt at Singapore to assist the Everett.

The natives appear to have appreciated the efforts of the Americans to relieve their distress, for many of them came to the coast from far in the interior, riding hundreds of miles on the backs of oxen.

## GONE A-GLIMMERING.

FIZZLE OF THE THEOSOPHIST SCHEME AT ONSET BAY.

Foulke, the Leader, is in Jail and His Partner, Mme. Diss de Bar, Has Flown—No One to Continue the Work.

[BY THE TIMES' SPECIAL WIRE.]  
ONSET BAY (Mass.) Nov. 3.—[Special Dispatch.] Henry B. Foulke, the young Theosophist leader who was arrested at the instance of the Massachusetts Society for the Prevention of Cruelty to Children, will be given a hearing in the District Court tomorrow. Foulke is still locked in jail here, as he has been unable to procure the \$2000 bail necessary for his release.

Foulke was much disappointed today when he learned that his co-partner, Mme. Diss de Bar, had taken leave of Onset. Mme. Diss de Bar has flown.

Public opinion is so strong against Foulke that there is little chance of the new Theosophist movement flourishing here, and the whole scheme, which was started by Foulke and Mme. Diss de Bar to revolutionize the Spiritualists' camp here, has fallen flat and collapsed. There is no one left here to continue the work, and Foulke, out of the field, all hopes of his followers have gone.

An Inadequate Sentence.

WASHINGTON, Nov. 3.—Passed Assistant Engineer W. H. Chambers, U. S. N., was recently tried by court-martial at Mare Island on a charge of absence from duty without leave, and scandalous conduct. He pleaded guilty to both charges, but showed an excellent record and good character in other respects, so that the court contented itself with sentencing him to be publicly reprimanded by the Secretary of the Navy. The Secretary has just approved the proceedings and findings of the court, but has disapproved the sentence as inadequate and has made a new order, which, nevertheless, free the officers from the sentence.

## TAYLOR'S TALK

Found Vent Through His Sombrero.

He Assured Spain of Cleveland's Warm Friendship.

And Said Sherman Would Change His Opinions.

Showed Spain How to Retain Possession of Cuba, but Now the Ex-Diplomat is Rippling the Don's Back.

[ASSOCIATED PRESS NIGHT REPORT.]  
MADRID, Nov. 3.—Señor Salvani has written a letter to newspapers here in reply to the article on the Cuban question, published in an American magazine, of which article Hannis Taylor, the former United States Minister of Spain, is the author. The writer says: "I am astounded at Mr. Taylor's article."

Continuing, he proceeds to tell the following story: "I met Mr. Taylor last April in a street of Madrid, and, though out of prudence I asked him nothing, he said: 'Spain must not suppress the Cuban insurgents by force of arms alone. She must carry out reforms.'"

"He did not mention a word about autonomy, but he added: 'Peace will then follow immediately. Spain has a friend in the White House, whose term is on the eve of expiring, and she ought to profit by the opportunity to obtain peace speedily, for whoever succeeds him he is certain to be less favorable to Spain than President Cleveland.'"

"I recognized the importance of the foregoing declaration and hastened to communicate with my friend Canovas (the former Premier), who warmly thanked me in that regard. I have retained. Soon afterward the reforms of Canovas began to be talked about, and I was commissioned to explain them to Mr. Taylor. He said that they would be published within a fortnight, as actually occurred. Mr. Taylor embraced me, saying, 'You and I will bring about peace in Cuba, and thus powerfully contribute to the good of humanity, and uphold the great interest of civilization by ending the war, the prototype of crime and a return to barbarism.'"

"I again hastened to communicate these words in the proper quarter. Just prior to these remarks, Mr. Taylor, at lunch in my house and in company with Castelar and others, toasted peace, warmly protesting his admiration and love for Spain, and expressing the desire to see us succeed in the work of pacification."

"Shortly after the election of McKinley, when it was mooted that Mr. Sherman would be Secretary of State, I asked Mr. Taylor if Spain would not have reason to fear a man who, in a speech in the Senate, had displayed such hatred of Spain, and Mr. Taylor replied: 'Don't notice that, for Sherman, as a responsible minister, will change his opinions. Spain has nothing to fear in this respect.'"

In conclusion, Señor Salvani said: "These ideas and sentiments differ greatly from those attributed to him now."

## POINTS OF THE NEWS IN TODAY'S TIMES.

SUMMARY.  
General Associated Press night report, received since dark yesterday... 98  
Commercial report (night), received since dark yesterday... 22  
Exclusive Times dispatches (night), received since dark yesterday... 4  
Associated Press day report, received before dark yesterday... 83  
The whole equivalent to about 20 columns.

The City—Pages 5, 6, 7, 8, 9, 12.  
Big beet-sugar factory to be built in Ventura county... County bonds to be refunded... Annual meeting of the Newsboys' Home Society... W. A. Warburg commits suicide... ## CARLISTS IMPORTING ARMS.

[ASSOCIATED PRESS NIGHT REPORT

## THE OFF YEAR.

(CONTINUED FROM FIRST PAGE.)

close joint majority that is claimed. Mr. Myers said if the close call on the Legislature went against the Democrats in the official count of the close counties, that the Democrats in the Legislature would join with a dozen or more Republican members of that body in electing Bushnell into the House to the Senate, Gov. Bushnell and all others involved in this movement deny any knowledge of it, or that they would have anything to do with it.

## FUSIONIST MEMBERS.

(ASSOCIATED PRESS NIGHT REPORT.) CINCINNATI, Nov. 3.—The four Republicans elected on the fusion ticket for the House in Hamilton county are Charles F. Drost, John C. O'Neil, Dr. R. W. Lane, and H. Kemper. The Times-Star prints interviews with all four, in which Kemper says he will vote for the Republican caucus members; O'Neil, that he will vote for Hanna; Lane, that he is a free-silver man and will probably vote with the Democrats on local measures and is unpledged for Senatorial candidates; Drost, that he is for free silver and will vote for a Senatorial candidate who agrees with him. Voight, the publican fusion Senator, has not been interviewed.

## REPUBLICAN PLURALITY.

(COLUMBUS (O.) Nov. 4.—Unofficial, but complete, returns show a Republican plurality of 25,539 in Ohio. Both sides still claim to have won the Legislature, the Republicans by five and the Democrats by three.

## SHERMAN'S CONFIDENCE.

(WASHINGTON, Nov. 3.—Secretary Sherman returned to the Capital early this morning, after having voted yesterday at Mansfield, O. He expressed confidence that the Republicans had elected their State ticket in Ohio and had secured a majority in the Legislature, insuring a Republican Senator as successor to Mr. Hanna.

## REVISED FIGURES.

(COLUMBUS (O.) Nov. 3.—At both the Republican and Democratic headquarters tonight figures are being substituted for the claims of last night and today. Chairman McConville of the Democratic State Committee, conceded the defeat of his State ticket, but stated that he had majority of the Republican plurality of 51,000 of last year by over one-half. Although others at Democratic State headquarters concede that the Legislature will be controlled by a close majority on one or two, Chairman McConville does not concede the control of the body to the Republicans.

At Republican State headquarters tonight the list of Senatorial districts is given in which it is claimed the Republicans have secured a majority. The Senate stand 16 Republicans to 20 Democrats. The Republicans concede that the Democrats will have two members from that county.

## COL. DICK'S FIGURES.

(CLEVELAND (O.) Nov. 3.—Col. Dick, Senator Hanna's manager, is answering in his claim that Senator Hanna will have at least six votes on his joint ballot of the Legislature. His claim is: Republicans, 76; Democrats, 66; doubtful, 3.

## HANNA'S CLAIM.

(CLEVELAND (O.) Nov. 3.—M. A. Hanna today admitted and signed the following telegram:

"To Mr. E. Stone, the Associated Press: From returns received, authentic and reliable, I claim the Republicans have a majority of three on joint ballot outside of Hamilton county."

## WONT VOTE FOR HANNA.

(COLUMBUS (O.) Nov. 3.—Allen O. Myers of the Democratic State headquarters says:

"Not one of the Fusionists on the Cincinnati ticket will vote for Hanna. A Republican says two of the Republican Representatives elected will not vote for Hanna, but he can be elected without them. The Republicans have 74 on joint ballot, as is now claimed."

## CHARGES OF FRAUD.

(CINCINNATI, Nov. 3.—The Enquirer (Democratic) does not concede the election of either Bushnell or the Republican ticket, but charges the manipulation of the returns by the Democrats for the purpose of assisting in what it calls "dirty work" in close counties. It claims that the Legislature being Democratic is based on the election of Democratic representatives in Lucas county (Toledo), and the election of nine of the twelve representatives in Cuyahoga.

On the other hand, the Commercial Tribune (Republican) claims Bushnell's election by 10,000 votes and the Legislature. Neither paper publishes specifications of what counties are claimed for the Legislature.

## MCLEAN DIES HARD.

(CINCINNATI, Nov. 3.—The following statement of the Ohio has been made by J. R. McLean upon request:

"I believe they have elected the executive and Legislative ticket. A honest return will show it."

## CUYAHOGA'S VOTE.

(CLEVELAND (O.) Nov. 3.—The Plain Dealer, in an extra edition this morning, gives Bushnell a plurality of 485 in this Cuyahoga county, and says he will have a plurality of more than 10,000 in the State. It concedes that the Republican Legislative ticket for this district is elected by small pluralities.

## NEW YORK.

State went Democratic, but Republicans control the Legislature.

(ASSOCIATED PRESS NIGHT REPORT.) NEW YORK, Nov. 3.—Returns from the State and counties received today do not change the results announced by the Associated Press early last night. Returns from all the counties in the State indicate a plurality of more than 58,000 for Alton B. Parker, Democratic candidate for Chief Judge of the Court of Appeals. His plurality in Greater New York is 132,665.

Van Wyck, Tammany candidate for Mayor of New York, has 51,454 plurality over Seth Low, and 118,401 over Gen. Tracy.

The State Legislature remains Re-

publican. The Senators hold over and the new House of Assembly stands eighty-four Republicans and sixty-eight Democrats. Ten of the newly-elected Republican Assemblymen are said to be anti-Pratt. In the present Senate the Republican majority is thirty; in the House seventy-eight.

## BRYANISM NOT DEAD.

(ASSOCIATED PRESS NIGHT REPORT.) NEW YORK, Nov. 3.—Chauncey M. Dewar, a supporter of Tracy, said today that the election resulted just as he feared it would. "We made the best possible fight, but the hope of a victory against Tammany, with the entire W. Lane, Frank H. Kemper, and the Times-Star, is almost futile. The wonderful showing made by Mr. Low is surprising, to say the least. The election issue in New York has no more to do with Bryanism than the incontestable truth that Bryan and bimetalism are not dead. It warns them that they must take steps at once to prevent the return of this currency question beyond any hope of reopening it."

## DEMOCRATIC MAYORS.

(ASSOCIATED PRESS NIGHT REPORT.) ALBANY (N. Y.) Nov. 3.—The following cities have elected Democratic Mayors: New York, Albany, Syracuse, Binghamton, Buffalo, Rochester, Utica, Amsterdam, Schenectady, Kingston and Jamestown.

The Republicans carried these cities on the ticket: Cohoes, Westerlo, Yonkers, Newburgh, Gloversville, Oswego and Utica.

In Albany the regular Republican candidate, Mayor H. Driggs (Dem.), defeated the Independent Republican candidate.

## THE ASSEMBLY.

(ASSOCIATED PRESS NIGHT REPORT.) NEW YORK, Nov. 3.—The Press says that the Assembly will consist of 73 Republicans and 71 Democrats.

## LANDSLIDE REVERSED.

(ASSOCIATED PRESS NIGHT REPORT.) ALBANY (N. Y.) Nov. 3.—The returns from the State, which are coming in slowly, demonstrate that the Republican landslide of the past two years has been reversed. The Democrats, at least by the changing of something like 240,000 votes, Gov. Bushnell and his associates have given by giving a large majority for the Democrats, at least by the changing of something like 240,000 votes. Gov. Bushnell and his associates have given by giving a large majority for the Democrats, at least by the changing of something like 240,000 votes.

The Assembly, which was over 200,000. John Palmer, the Republican Secretary of State, won the year previous by over 100,000. The in-

crease in the vote of the Democrats, many of them being in counties and districts where there was no expectation of a change. The Democrats attribute these gains to the heated municipal campaigns and the trading of votes.

The morning returns indicate that the Democrats still control the Assembly, although by a largely decreased majority.

More surprising, perhaps, than the return of the State and Assembly District tickets, were the results of the municipal campaigns in the large cities. New York, Buffalo, Rochester, Binghamton, Utica, Albany, Troy and Schenectady elected Democratic mayors. In Albany the conditions were very close. The Democrats won by a narrow margin. The Republicans carried the rest of the State.

## COMPLETE REVERSE.

(ASSOCIATED PRESS NIGHT REPORT.) NEW YORK, Nov. 3.—The result of the first municipal election in Greater New York, completely reversed the conditions of 1896, when McKinley's plurality in the same territory was 56,882. The vote of the Democrats was 56,882, and the vote of the Republicans was 56,882.

The vote for Mayor, which was about 56,000, and the entire ticket is elected with a majority ranging from 70,000 to 100,000. The vote for the Legislature, which was about 56,000, and the entire ticket is elected with a majority ranging from 70,000 to 100,000.

Both Van Wyck and Coles were free-silver adherents in 1896.

Alton B. Parker (Dem.) for Judge of the State Court, carried, carried Greater New York 106,000, and his plurality over Van Wyck was 106,000, insuring his election and Democratic success in the State.

Such a rush to the polls has never been known in the history of the State. Rainy weather failed to dampen civic enthusiasm. The registration was abnormal. The total of 567,367 votes, of which 120,000 were cast in 1896, last year only 6.66 per cent. of the voters failed to vote for President, and the estimated total vote this year of 528,000 shows that the falling off does not much exceed that of 1896.

The vote for Tracy, the Republican candidate, was divided by the candidacy of Seth Low, upon a City ticket.

Low was second in the race and Tracy third. The George vote was inconsiderable. The death of the leader evidently disintegrated his following and thousands evidently voted for Tammany's candidates. It is claimed that young George lost many votes through the failure of inspectors to affix his name to the majority tickets.

The official vote for Mayor follows: Van Wyck, 238,900; Low, 149,573; Tracy, 101,889. George (Dem.) 52.

The vote for Van Wyck is about 42.5 per cent. of the total vote cast, or less than the 42.1 per cent. cast for Bryan in 1896 in the same territory.

The United vote for Low and Tracy shows 14,127 more than Van Wyck received. The metropolitan district is normally Democratic and the plurality for Van Wyck a return to normal conditions in an election not influenced by national issues.

## FOREIGN COMMENT.

(ASSOCIATED PRESS NIGHT REPORT.) London, Berlin and Paris papers comment on the New York election.

LONDON, Nov. 3.—The elections in the United States continue to overshadow all other news in the English newspapers. The Sun of this city, of which newspaper Harry Marks has editorial control, says: "The dog returned to his vomit is the best recommendation New York has on its parlor walls. The chief city of a great people must see its municipal affairs filled with men who should be filling cells in the penitentiary. New York has fallen like rotten fruit in the hands of the boodlers. The New Yorkers may console themselves with saying that every city of every land has the government it deserves."

The Evening News remarks: "Croker has brought off his tip and has won the race, showing that he is more to be feared in his natural arena of politics than on the race course. The population of the second greatest city of the world has elected its ruler and the morning after election the problems occupying his mind did not relate to the government of the city, but the squaring of his supporters. The expectation of Democracy, as seen in full force in New York, seems to have its drawbacks as well as its advantages."

The St. James Gazette says: "The

reason Americans allow themselves to be dominated by a clique whose members would on this side of the Atlantic sooner or later find themselves in the criminal dock, is that American politicians indulge in politics solely for what they can make out of them, and until America finds time to produce a class who will give their time to public affairs without expectation of pecuniary reward, Tammany will continue its victories in New York."

Commenting on the allegation that the "best class" hold aloof from parties, the Globe says: "It leaves the government of one of the greatest countries in the world at the mercy of a mob and an unscrupulous demagogue who knows how to bend that mob to his will."

"The effect upon the foreign policy of the country is often deplored. The large numbers of decent, sensible people are utterly without sympathy, for the brusque eye of Olney and the fatuity of Sherman we know, but unhappily they utterly fail to make their voices heard above the din of the New York lull."

The Pall Mall Gazette says: "Such an organization as Tammany could not exist in London. A man or an organization once proven guilty of corruption could not expect to hold office in London. A man or an organization once proven guilty of corruption could not expect to hold office in London."

The Westminster Gazette, in its comments on the same subject, remarks: "The victory of unprincipled government obtained by unprincipled methods has done so in a manner which has just offered food for serious thought even in a city so accustomed to bad government as New York. Much as we wish the best fortune to Greater New York, we cannot congratulate its citizens on the success of its Tammany, who contributed their share toward the achievement of such an undesirable result."

The Westminister Gazette, in its comments on the same subject, remarks: "The victory of unprincipled government obtained by unprincipled methods has done so in a manner which has just offered food for serious thought even in a city so accustomed to bad government as New York. ## FROM THE ICY NORTH.

### STEAMER PRESIDENT RETURNS FROM ST. MICHAELS.

No Newspapers Will Be Transported in the Mail Intended for the Klondike.

### CANADIAN ROUTES OF TRAVEL.

DISCOMFORTS OF LIFE ON THE MOUNTAIN TRAILS.

Indians Refuse to Pack More Goods This Season—An Abundant Official Brought Back from Skagway.

[ASSOCIATED PRESS NIGHT REPORT.]

SAN FRANCISCO, Nov. 3.—The steamer President arrived at the wharf from St. Michaels, Alaska, but brought no news of importance, having left the northern port before the steamer Portland, which reached Seattle last Friday. She has no treasure, and no miners from the Klondike are among her passengers. Twenty members of the North Fork expedition returned to the President, having failed to secure transportation up the Yukon. They are loud in their complaints against the promoters of the expedition, which they were induced to join by assurances, they allege, that they would be able to get to Dawson City this season. Three men who went up to the President also came back, none of them caring to face the rigors of an Arctic winter. The officers of the steamer confirm the stories of a probable famine on the mountain spring.

NO NEWSPAPER MAIL.

SAN FRANCISCO, Nov. 3.—The Postoffice Department has issued a notice to the public, stating that newspaper mail cannot be sent to the Klondike before next spring, even when it is inclosed in envelopes and letter postage paid on it. The recent large mail made the order excluding newspapers imperative. Two new Canadian postoffices on the other side of the Chilkoot Pass have just been established. One is located at Tagish Lake and the other at Lake Bennett. Both are in the Northwest Territory.

CANADIAN ROUTES.

[ASSOCIATED PRESS NIGHT REPORT.]

VICTORIA (B. C.) Nov. 3.—At a meeting of the Board of Trade today Hon. Clifford B. Russell, minister of the Interior, intimated that the government would open up all Canadian routes to the Yukon, and that everything possible would be done to insure the shortest route to the Klondike. He declined entirely to advocate a law to prevent aliens from holding claims. After January 1 mail will be allowed exemption from duty on 100 pounds of their baggage. Customs offices are to be established on all routes.

PASSENGERS FROM SKAGWAY.

[ASSOCIATED PRESS DAY REPORT.]

PORT TOWNSEND (Wash.) Nov. 3.—The steamer Al-Ki arrived at midnight from Alaskan ports with ninety passengers, three-fourths of whom were from Skagway. Among the passengers were two surveying parties which have been operating along the Skagway River for the past ten weeks. One party in the interest of the Canadian Pacific Railway, the other in the interest of the United States government.

The Al-Ki brought but one passenger, Fred Compton of Seattle, from Dawson City. Owing to the lateness of the hour Compton could not be seen, but from one of the passengers it was learned that he left Dawson September 20, coming out by Dyea.

Sheriff Dyke of Clallam county, Wash., was also on board. He had in custody John W. Troy, ex-Auditor of Clallam county, who, it is alleged, embezzled \$5000 during his two terms of office. The Sheriff said Troy left Skagway. Troy willingly accompanied the Sheriff and says he will have no trouble in clearing himself.

The Al-Ki also carried a large cargo of salmon from the Katchikan cannery.

The Juneau Mining Record, in its last issue, says: "The new Alaska Transportation and Trading Company will send a steamship to Dawson on the first steamer going up next summer."

ON THE TRAILS.

SEATTLE (Wash.) Nov. 3.—[Special Correspondence of the Associated Press, by the steamer Al-Ki.]

SKAGWAY, Alaska, Oct. 27, 1897. The weather at Lake Bennett and Lindeman lately has been exceedingly fine. Following the cold snap at the beginning of this month when the mercury fell below freezing point, came a milder term, and the coldest weather recorded since has been 8 deg. above zero. The lakes were still open on Saturday last, and a few people were still leaving for Dawson City, although it is probable that those leaving Lake Bennett after this date will not get farther down than Lake Tagish. All the old-timers and the Indians here say that the weather has been more open than for years past. It has proved an unkind blessing to those who at one time bade fair to either winter on the trails or cache their outfits and turn back. The Skagway trail is comparatively clear, although considerable packing is still being done between Skagway and Summit.

A good many of the arizonans are still making their way over the Chilkoot Pass, packing their own outfits, as the Indians have practically retired from the business for this season. An Indian will not venture over the pass until winter has thoroughly set in, and the snow has become packed.

Reports of narrow escapes from being frozen to death on Chilkoot Summit come in from time to time, but as yet, no fatality has been recorded. A physician from Kansas City had a close call last Friday. Benumbed with cold, he crawled into a cache where he was accidentally discovered by some white packers. He was in a state of coma when found, and it was only by the greatest exertion that his life was saved.

At Lake Bennett there are 200 cabins, each containing from two to nine outfits. Many of the gold hunters are returning, having left behind one of their party to take care of their outfits during the winter.

At Lake Lindeman, there are about seventy-five tents and cabins. The Canadian government is now having about eighty tons of provisions packed over Chilkoot trail for the use of the police in the territory. Slow progress is being made, owing to the inability to secure packers, either white or Indian.

Estes Sues for Mercy.

OAKLAND, Nov. 3.—Carlos Estes, ex-President of Salvador, has sued for mercy before an Oakland justice of

the peace. He was sued for \$35 rent and was ordered into court, but paid no attention to the summons. Estes was then arrested on a charge of contempt of court, and was held in jail for an hour. Now the ex-President has paid his rent and the costs of the suit, and on pleading his ignorance of English, has been purged of contempt by Justice Cliff.

ROBBED A WIDOW.

Two Confidence Men Arrested in San Francisco.

[ASSOCIATED PRESS DAY REPORT.]

SAN FRANCISCO, Nov. 3.—Two young men, who posed as John and Charles Wood, brothers, were arrested today at the Ross Hotel, at the instance of Mrs. Jennie Wright, a widow of Redding, charged with having attempted to rob her.

Mrs. Wright was induced to leave her pleasant country home and come to this city for the purpose of wedding John Wood, who later she learned she was a commercial traveler. After she took apartments at the hotel, however, John was joined by Charles, who is known to the police as a confidence man named Raymond.

The pair then demanded that Mrs. Wright turn over to them the sum of \$300 which she had secreted in her dress, and upon her refusal, John tore the garment from her and took forcible possession of the money. Mrs. Wright called the police, and the pair of confidence men called upon the widow today both were arrested.

IMPERILED WHALERS.

Little Hope for the Vessels Frozen in the Arctic.

[ASSOCIATED PRESS NIGHT REPORT.]

SAN FRANCISCO, Nov. 3.—The whaling steamer Alexander arrived here today from Point Barrow and reports that she left at Herschel Island, on August 20 last, the whalers Prampus, Fearless, Orca, New York, Jeanie, Belvedere and Wanderer, hemmed in by the ice, with little or no chance of escape, although none of them had sufficient provisions to carry the crew through the winter. Capt. Tilton expressed the hope that the vessels would be released by the melting of the ice, as all of the vessels were in precarious conditions. The Alexander had a terrible experience when she was frozen in the ice, and she was surrounded off Cape Smith, the ice being so solidly packed that it took the vessel, with a full head of steam, over eighteen hours to cut her way through it for a distance of four ship's lengths to open water. She was again surrounded off Sea Horse Island on September 17, a right west wind moved the pack sufficiently to free her.

SALMON DISAPPEARING.

Government Experts Say Fish are Being Extirpated.

[ASSOCIATED PRESS DAY REPORT.]

SAN FRANCISCO, Nov. 3.—The United States Fish Commission's steamer Albatross has arrived from Alaska waters. The report of Commander Moser will say that the Alaska salmon will disappear if there are not efforts made to propagate the fish and restore the depleted stocks. It is estimated that the packers and some of the hatcheries to fill the streams from which they draw their supplies. Last year the output of the Alaska packers was 1,000,000 cases of forty-eight pounds each, or 48,000,000 pounds of canned salmon. This year there was a substantial falling off. It is understood that Commissioner Briggs will ask Congress for enough money to establish hatcheries, and thus keep alive the salmon in the northern waters.

Commander Moser reports that the Southern Pacific yards, necessitated by the sounding of two alarms. The flames broke out in a stable occupied by James Newell, a large dealer in spread rapidly to several adjoining tenements, burning out a dozen families. The loss is estimated at \$15,000, with little insurance. Small boys and cigarettes are supposed to have caused the blaze.

Seven and One-half Whales.

SAN FRANCISCO, Nov. 3.—The whaling bark California has arrived from the Okhotsk Sea with a catch of seven and one-half whales, that yielded 3400 pounds of bone and 1530 barrels of oil. The California and the Horatio caught one whale between them, and the boats divided the State of California. The California left the Okhotsk Sea, had only the half-whale the California divided with her.

Good Thing for Lawyers.

STOCKTON, Nov. 3.—The evidence at the third trial of the Carpenter will case was completed this afternoon, and after three hours of argument it was submitted to the jury. The first trial of the case was in 1885, and the second in 1891. At each trial the jury broke their will and each time Supreme Court has ordered a new trial. The jury is still out. There is but little of the estate left.

Foul Play Suspected.

STOCKTON, Nov. 3.—The dead body of a man was found this evening in a small shack on Van Buren street near the Mormon cannery. The man has been living in the house for some time. When last seen Monday he was in the company of another man, and the latter has not been seen since. Some suspicion of foul play has been raised. Neither of them were known.

Lamp Explosion.

MODESTO, Nov. 3.—By the explosion of a kerosene lamp this morning the residence of Lee Hope was burned to the ground. During his brief escape, he failed to save his furniture. Hope was burned about the head. His property loss was \$2000.

Mysterious Disappearance.

SAN RAFAEL, Nov. 3.—John Sweetman, a resident of Navato, has disappeared and no trace of him can be discovered. Sweetman purchased a piece of property there last September and since has made many improvements. Last Friday he went to Petaluma to buy some lumber and has not been seen since. He has been missing ever since.

Mr. Wilkins's Visit.

SAN FRANCISCO, Nov. 3.—C. H. Wilkins, assistant chief of the Order of Railway Conductors, has arrived from headquarters in Chicago. He says that he has not come West to adjust grievances among the members of the order on this coast, but simply to meet with the various divisions here and discuss matters in which the organization is interested.

Useful Insects.

SAN FRANCISCO, Nov. 3.—Some time ago the State Board of Trade sent a letter to the Secretary of Agriculture, asking that he help the State by sending to Smyrna for the capricious insects that make the fig tree yield fruit that will reproduce its kind. A letter has just been received from the department stating that the desired insects will be secured for the coast.

Relieving at Jamestown.

STOCKTON, Nov. 3.—The track of the Sierra Railroad was laid into Jamestown today, and before another week trains will be running regularly to that place. The old mining town is preparing for the celebration on the 10th inst. in honor of the completion of the line.

of the completion and the commencement of operation of the road.

Miss Elliott's Pledge.

SAN FRANCISCO, Nov. 3.—Miss Grace Margaret Elliott, who claims to be heir to the \$200,000 said to have been left by the late Imbly Clarke, who died in Australia, has given a written pledge to the California Bible Society to pay its debt of \$5,000. If she secures the inheritance she expects.

Scarlet Fever.

SAN FRANCISCO, Nov. 3.—Scarlet fever epidemic cases, Duhaime and Blind Institute at Berkeley. Steps will be taken by the State Board of Health to quarantine the institution. Nine cases of fever, and the spreading disease is not yet checked.

COLLIS'S NERVE INTACT.

STILL WORKING TO GET THE CENTRAL PACIFIC DEBT FUNDED.

The Indebtedness Will Probably be Scaled Down More Than One-half—Huntington Will Threaten Long Litigation in Order to Force a Compromise.

[SPECIAL CORRESPONDENCE OF THE TIMES.]

WASHINGTON, Oct. 27.—Puck, perseverance, and self-assurance are the great essential qualities for success. These three qualities have enabled Collis P. Huntington to "develop the great resources of the West and make the desert bloom as the rose." This was the old man's statement to the House Committee on Pacific Railroads, and incidentally it was brought out that while redeeming the waste lands and irrigating the desert he had secured a nest egg of his own amounting to about \$500,000. He said that he did not think that this compensation was unreasonably large.

It can be recalled that when the Congress Judge Powers said that he did not suppose that there was a member of the House who did not want as much of the funding bill as he could get, and that the government could realize a portion of the vast sum expended in planting this "ocean" with its steel tentacles, and the fertile West, where it could suck the life blood from the people of that favored section. It was said on the floor of the House and of the Senate that unless the United States government made a compromise by which it would defer the payment of its claims over a series of years, amounting in all to \$100,000,000, it would lose all its debt. When the Funding Bill failed to pass, the Pacific Railroads committee in both the House and the Senate hastened to make a bill which was reported favorably in order to stave off the great disaster of having the United Pacific Railroad company become defendants in foreclosure proceedings.

When no action was taken the Reorganization Committee offered \$20,000,000 for the Pacific Railroad company.

This already belonged to the government, and not to the committee. The committee offered the government for the entire governmental claims. President Cleveland and Atty.-Gen. Harmon, both being largely interested in the United States government to make any such contract of donation. Atty.-Gen. Harmon construed the proposition to be a mere offer of purchase and not a contract of sale, and also went further and correctly held with hundreds of decisions to back his opinion, and none against it, that the government was absolutely void, as against public policy.

Then these gentlemen who claimed before the Pacific Railroads committee that they had offered the last dollar that they could pay, immediately changed their minds about their financial condition, and raised their bid so as to cover the entire amount due the United States government. In view of this fact the favorable reports of the Pacific Railroads committee now make very interesting reading, and show how very possible it is for able Senators and Representatives in Congress to be greatly mistaken after a short and exhaustive investigation.

The colossal nerve of Collis P. Huntington, which never broke him in times past, is still intact, and he will appear before the coming session of Congress with as strong a lobby as ever to try to get the Central Pacific debt funded. Sherrill is already at work on the foundation for the new campaign. This winter. It will be remembered that until a very short time ago it was claimed that the Central Pacific could not pay its debt, and that the United Pacific, because the latter was insolvent, while the former was leased in such a way as to furnish a sure, and easily divided, dividend. It was also represented that the Central Pacific property had been better managed, and was in much better shape than that of the United Pacific. The proposition that it be made before the next Congress will amount to about 40 per cent. as foreclosure proceedings have resulted in the United Pacific Railroad Company paying its indebtedness in full, it is difficult to see how a plausible argument is to be constructed in favor of the Central Pacific Railroad Company's scaling the indebtedness of the Central Pacific Railroad Company down more than one-half.

It is probable that there is not another man in the United States who has sufficient nerve to make such a proposition in view of the present known facts, and it is not probable that Congress will view it as being safe to accept.

There is some question as to whether or not the Central Pacific Railroad company has a right to do this. There will be no question, however, after the first of January unless the bonds maturing at that time are taken care of by the Central Pacific Railroad Company. The real purpose of Huntington's renewed efforts to obtain a compromise of the indebtedness of the Central Pacific Railroad Company, under the Thurman law, which that company claims it has a right to do. Their contention is that under the Thurman act, a new and different means of payment was provided, which repealed by implication all former provisions concerning the liquidation of the indebtedness. It is their intention, therefore, to hold the matter in Congress, and if the

government starts foreclosure proceedings to attempt to enjoy them in the United States courts. The line of argument is about the same as that set out by Fred F. Hayward in his well-known argument before the Senate Pacific Railroad Committee. It is thought by Huntington that when the matter is thus in the courts, with a prospect for long litigation and close legal questions to consider, Congress will be willing to settle the whole matter by a compromise satisfactory to the company.

It is claimed that a very different state of affairs presents itself from that in the Union Pacific cases. In these cases the senior lien-holders had brought suits for foreclosure. The company was insolvent, and had been unable to service its debt. The first mortgage against the claim of the United States government upon the ground that it was not due under the provisions of the Thurman act, would still have been impossible for them to have held the property as against the first-mortgage bondholders. The United States simply joined with the junior plaintiffs, and in a sense the government's interests were secondary. In the case of the Central Pacific Railroad Company the first-mortgage bondholders will proceed. The United States, if it attempts to collect its debt in a way similar to that in the case of the Union Pacific Railroad Company, will have to take the Central Pacific Railroad company in order to compel them to foreclose, and instead of their uniting their interests with those of the United States, they will oppose the government proceedings.

Hence it will be seen that while in all fairness and justice the United States ought to realize every dollar of its indebtedness due from the Central Pacific Railroad Company, the very satisfactory outcome of its suits, against the Union Pacific Railroad Company, does not give promise of a very speedy adjustment of its similar claim against the Central Pacific Railroad Company.

There has not been a day during the past thirty years when no litigation was pending between the Central Pacific Railroad Company and the United States, and it now appears that the time is somewhat distant when this series of troubles will cease. It can be recalled that when the policy of the government was to let the courts and not Congress settle this whole matter, and the pending bills as well as those that have been introduced in the next session of Congress will fall to pass.

FRANK L. WELLES.

TRIPLE MURDER.

Perpetrator of the Crime Will Probably Be Lynched.

[ASSOCIATED PRESS NIGHT REPORT.]

PARKERSBURG (W. Va.) Nov. 3.—A report comes from the Jackson county of a triple murder committed on a farm eight miles from Ripley. Mrs. Mary Green, a widow, her young daughter and her son, aged 15, were clubbed to death by John Morgan, a young man whom Mrs. Green had adopted. The murderer robbed his victims of \$100. Another daughter, who escaped the murderer, gave the alarm, and Morgan was arrested. He confessed, and tonight officers are hiding with him in the woods. He will probably be lynched before daylight.

At New York Hotels.

## THE WEATHER.

U. S. WEATHER BUREAU, Los Angeles, Nov. 3.—At 5 o'clock a.m. the barometer registered 29.99; at 5 p.m., 29.98. Thermometer for the corresponding hours showed 57 deg. and 62 deg. Relative humidity, 5 a.m., 88 per cent.; 5 p.m., 45 per cent. Wind, 5 a.m., northeast, velocity 3 miles; 5 p.m., northwest, velocity 3 miles. Maximum temperature, 67 deg.; minimum temperature, 56 deg. Character of weather, 5 a.m., cloudy; 5 p.m., clear. Barometer reduced to sea level.

## The Times

## ALL ALONG THE LINE.

When a public servant uses his office to promote his political aims, rather than the interests of the public, he is not in a position to complain because his acts are criticized. Councilmen who engage in a scramble for patronage and then express resentment because their course meets with disapproval, are either singularly ignorant or singularly unmindful of their duties. Such men need constant and watchful criticism.

The appointment of a Meat and Milk Inspector by the City Council bids fair to be the occasion of a squabble. Though the salary is only \$75 per month, there are a number of applicants. The position is an important one and should be filled by a competent and conscientious man. There have been two incompetents in the health department who have proved the occasion of untold trouble. The new inspector should be a man of different character.

The lawyer who abuses his privileges in court by violently denouncing witnesses seldom does his case any good. An instance in point is supplied by the motion for a new trial in the Cantwell case, the motion being based upon the extravagance of vituperation indulged in by the prosecuting attorney when he addressed the jury. The attorney's failure to appreciate the fact that moderation is more forceful than exaggeration is likely to cost the county the expense of a new trial.

The manufacture of beet sugar is becoming an important factor in the building up of an industrial community in Southern California. Much capital is already invested in this business, and more is seeking investment. The selection of Ventura county by the Oxnards as the most desirable location for a factory of large capacity is an event of more than ordinary importance. The success of the first year's operations at Los Alamitos is so pronounced that the capacity of the plant at that place is to be doubled. Such investments prove that the manufacturers of sugar have satisfied themselves that Southern California is the best field for their operations.

## JAPANESE CONSULATE.

One to Be Established in Chicago.

[ASSOCIATED PRESS NIGHT REPORT.] CHICAGO, Nov. 3.—By order of the Mikado, a general Japanese consulate for the territory west of the Alleghenies will be established in this city next week. T. Nosse, for years the Imperial Japanese Consul at Vancouver, B. C., will be appointed to the post in a few days to assume the duties of the Chicago consulate. The Vancouver office is to be tributary to the Chicago office, as it is the desire of the Mikado and his ministers to establish friendly commercial relations with the North and West through a common center. The Japanese residents in Chicago have been petitioning the Imperial government for a long time to send a representative to this city. The trade between Japan and the United States has been increasing rapidly, and Chicago has been the channel through which a large part of the imports and exports. Many Japanese have also settled here, and this has had an effect in bringing about the establishment of a general consulate here. The Japanese of Chicago are preparing for the advent of Mr. Nosse, and his assumption of the office will probably be celebrated by a banquet in his honor Saturday evening, November 13.

## HAMMOND'S SENTENCE.

Gen. Brooke Has Commuted the Private's Penalty.

[ASSOCIATED PRESS DAY REPORT.] CHICAGO, Nov. 3.—Private Charles Hammond, who was dragged by his heels before a summary court-martial at Fort Sheridan, four weeks ago, on the order of Capt. Lovering, to answer to a charge of desertion, will serve but half the sentence imposed upon him. He was sentenced by a court composed of fellow-soldiers of Capt. Lovering, to go to prison for a year at hard labor, and to forfeit all pay for this period. In addition, the verdict provided for the dishonorable discharge of the private.

As mitigated by Gen. Brooke, the sentence compels Hammond to serve in prison only six months. His pay is reduced by \$10 a month, and there is no provision for dishonorable discharge, that being deemed too severe by the commander. In the review of the case, the general said the sentence was excessive. By this action, Private Hammond, after he has served six months, will be restored to his former position in the army.

## COWARDLY CRIME.

A Discharged Gardener Tries to Murder Wealthy Mrs. Henry.

[ASSOCIATED PRESS DAY REPORT.] CINCINNATI (O.), Nov. 3.—A cowardly attempt to assassinate Mrs. John Henry, a prominent and wealthy woman, in her home at Clifton, was made this morning by Lindsay Neighbert, a gardener whom she had recently discharged. While Mrs. Henry was at breakfast alone, Neighbert suddenly entered the room and began firing at her. A servant bravely seized the assassin, after he had fired two shots, and pushed him out of the room. He fled to the woods, where, an hour or two later, he was found dead with a bullet through his head. Mrs. Henry's life was saved by the bravery of Delaine Barrett, who actually overpowered Neighbert. Mrs. Henry's wounds are in the arm and not regarded as serious. Neighbert had been suspected of theft and was discharged the next day after the marriage of Miss Henry to E. O. McCormick of the Big Four, because a number of articles were missing at that time. He was 50 years of age.

## SABIN SAYS HELLO.

CHIEF OF THE TELEPHONE SERVICE VISITS THE CITY.

Direct Connection Between Los Angeles and Portland—Wires Being Put Underground in This City. All the Poles Will Come Down.

"As rapidly as possible we are placing our telephone wires underground in Los Angeles," said John I. Sabin, president and general manager of the Sun-set Telephone Company, at the Van Nuys Hotel last night. Mr. Sabin is here, with his two daughters from San Francisco, on a visit to Mrs. Sabin, who is spending the winter in Los Angeles for her health.

"So far," continued Mr. Sabin, "we have about ten blocks of underground work in this city completed. We are working slowly and very surely, and in a short time the Los Angeles people will have even better service than they have at present."

"Los Angeles, by the way," said Mr. Sabin, "furnishes a greater number of subscribers to the telephone in proportion to its population than any other city on the Pacific Coast, and, as a natural consequence, the company is trying to give its patrons here the best possible service. We would like to take down every pole we have in Los Angeles, and we will take a good many of them down in the near future. While it costs more in the first outlay to put wires underground, we find that in the long run the service is much better and much cheaper for us, and more satisfactory to our patrons."

"The telephone is naturally the rival of the telegraph. It must be so. For the cost of a message by wire you can talk for fifteen seconds to a party in San Francisco. A man who wants to talk business can say a whole lot in fifteen seconds, if the other party is listening, and there is where we gain an advantage. Our line from Los Angeles to San Diego has never paid a dollar, so far, on the investment, but it was a good thing to make the extension, even though it does not pay."

"How about a cable to Catalina Island? Well, it's just this way. We want to reach every point that it will pay us to reach, and we are ready to go in with any and everybody who want telephone service. The line to Catalina Island could probably be built at a cost of \$1000 per mile for the cable, but it would not pay the company to undertake the enterprise alone. From what I am told, I think a line to the island would be of much service. The government is looking at the island from the weather bureau and light-house standpoint, but its plans are remote. There is no trouble about laying a cable over there, providing it would pay."

"In the East we are rapidly supplanting other service for newspapers. New inventions are constantly being made and adopted. At present we talk from Montreal, Can., via Boston, New York and Chicago to Omaha, a distance of over 2000 miles of wire, lined out as straight as can be. This service is being used by newspapers to a great extent. An expert operator with a typewriter takes what the reporter has to say, and small mistakes are corrected in copy."

In a few days the people of Los Angeles will be able, if they so desire, to talk to friends in Seattle, Portland, or any of the larger cities of the North. We only need to string a few miles of wire to finish the connection between the extreme north and extreme south of the Pacific Coast, and this work is being done as rapidly as possible."

During the recent Klondike excitement the first news to reach New York from incoming steamers was over the telephone to New York, and incidentally by telephone at the same time to San Francisco. We sent our most expert operator to the farthest point north our lines reached. She went beyond Olympia, B. C., quite a distance to a point on the coast, and the reporters found her at the phone. They talked to her, and she talked to the New York and San Francisco papers over a direct wire. At New York and San Francisco operators were at the phone, and took on typewriter what she said. It was in this way the first detailed news from the Klondike reached the press.

An instance of the telephone service in newspaper work was furnished by the prize fight in San Francisco the other night," continued Mr. Sabin. "A San Francisco paper had us put a telephone at the ringside and station an expert operator there. The reporter sat beside her, and as he talked to her, watching the fight, she repeated what he said to an expert typewriter at the newspaper office. The result was the men had not reached their corners at the end of a round before the details of it were given to the public downtown."

"As I said before," concluded Mr. Sabin, "we are in the field to get every bit of business we can. We believe that inside of a year you can sit in Los Angeles and talk to your friend in New York. We know you can do that now over 2000 miles of wire, and we are confident that with the latest inventions you will be able to talk over 1000 miles of wire as easily and as clearly as over 100 miles."

"The southern country has always taken to the telephone, and while corporations are soulless, if you like, they are aware to the own interests, and where the most patronage and the least opposition is to be found there they make their improvements first. I will be here some days looking over the country, and may have something to say later on."

## W.C.T.U. CONVENTION.

Papers Read by a Number of Prominent Workers.

[ASSOCIATED PRESS NIGHT REPORT.]

BUFFALO (N. Y.), Nov. 3.—Mrs. L. M. Stephens, vice-president-at-large, presided at the morning session of the W.C.T.U. convention in the absence of Miss Willard. Under the head of reports of superintendents the following papers were read: "Sabbath Observance," Mrs. Cox, New Jersey; "Purity," Mary Wood-Allen; "Legislation and Enforcement of Law," Mrs. L. D. Ellis, New Jersey; "Franchise," Miss Marie C. Brehm; "Christian Citizenship," Miss Leroy Page Gaston, Illinois. In a paper given to the Railway Employes' Mrs. C. M. Woodward of Nebraska took the position for total abstinence. Mrs. Emily D. Martin dealt with journalistic problems. "International Arbitration" was discussed by Mrs. Hannah Bailey of Maine.

Miss Frances E. Willard presided at the last business session, which convened this evening. Miss Ella M. Thatcher of New Jersey reported for the work among soldiers and sailors. Mrs. Mary D. Tomlinson of New Jersey read a paper on "Parlor Meetings." "State and County Affairs" was the subject of a speech by Mrs. Rebecca B. Chambers of Pennsylvania and Mrs. Booker T. Washington of Alabama gave a short talk on education work among the colored race.

## An Aeronaut Drowned.

CHICAGO, Nov. 3.—An aeronaut employed in a winter circus downtown drifted far over the lake today and is supposed to have been drowned. A life-saving crew has been unable up to a late hour this afternoon to find any trace of him.

## EVERY MORNING

We are going to talk to you in this space. We are going to tell you about what we've got to offer each day in the way of special bargains. Just now our store is full of special drives because we are closing out the Parry & Pepper stock. We have not made so much blow about this sale as some folks do when they close out a stock of goods. Our reason for this is: There was no trash in the Parry & Pepper stock and we did not wish to attract a class of people looking for 7c socks, 19c underwear, 39c shirts, etc. We are, however, selling the finest goods made at about one-half the regular price. It is a rare chance to lay in a supply of good goods.

## W. H. WELD, M.D.

Nearly six years ago, having reached a point where such time-honored and generally indorsed methods as moral suasion, signing the pledge, etc., were declared to be utterly inefficacious in my case, I was induced to try the Keeley Cure. Now the fact that the pledge system had failed to bear fruit in my case was not for a moment thought to be the fault of the system, but the peculiar moral, and possibly physical condition of the individual. There was an idiosyncrasy in my case, and while the methods were all right the fault lay in the patient. Be that as it may, the cure at Dwight was held forth as a possible relief.

While my mind was in a fairly responsive condition, and I was willing to accept anything that offered even a remote prospect of a change, when I began to consider the criticisms of the treatment and the expert medical testimony as to the fraud Dr. Keeley was perpetrating upon the public my case looked hopeless indeed.

One thing the treatment certainly did, it entirely removed the necessity for and the inclination to drink, and for nearly six years my once deceptive friend and constant attendant has been a stranger. It seems to me now, looking backward, that it was worth the effort and the risk.

I am often asked: "Does Dr. Keeley's Remedy cure?" I invariably reply without reservation, "Certainly." "But I know a man he didn't cure." That is just as certain. There are undoubtedly men whom Dr. Keeley cannot cure and the Almighty won't, and for the same reason—they are not worth it. That statement is worth a passing thought.

For further information write or call at the Keeley Institute, corner North Main and Commercial, over Farmers' and Merchants' Bank.

## DR. MEYERS.

This World-famed specialist has had more than fifteen years' successful practice at home and abroad in the cure of

Do Not Experiment.

Dr. Meyers restores manhood by his own time-tried and never-failing methods and remedies. For more than 15 years his treatment has been a universal success, and the number of restored patients increases every month.

A Waning Fad.

Dr. Meyers has received such a large number of complaints and inquiries, both in person and by letter, concerning a fanning fad known as "Electric Belts" that he feels called upon to give the public a few facts about the folly and danger of such appliances.

They Are Made To Sell,

And consequently to wear, but why they should be worn is one of the unsolved problems of the Nineteenth Century. Electric belts have been abandoned as worthless and dangerous hobbies throughout the East, where many people have had their flesh burned and their clothing ruined by wearing them.

Diseases and Weakness of Men

His long experience and the thousands of men on record he has cured in that time is a guarantee that all sufferers should seek assistance. His cures are as permanent as they are speedy. No matter what may be your ailment you should consult him at once. He can make you strong, robust manly. He can cure your affliction in a short time and at a reasonable price. Afford him a talk with him will cost you nothing.

Contagious Blood Poison

## BIDS FOR FIRE HOSE.

### AN AWARD WILL BE MADE TODAY.

Renewed Attempts to Gain Control of the Police Department for Political Purposes.

## A SPECIAL BOND ELECTION.

### PROCLAMATION ISSUED BY THE BOARD OF SUPERVISORS.

Proposition to Refund the County's Bonded Indebtedness—Twice Reduced—Twice Increased—A Suit Decided Against the City.

The Fire Commissioners will probably award today the contract for supplying the city with 5000 feet of fire hose. The bidders appeared before the board yesterday and the merits of the several brands of hose were fully presented. Another attempt to secure sufficient votes in the Council to raid the Police Commission has been made. It proved unsuccessful.

The petition for resurfacing Spring street will probably be presented to the Council next Monday.

The Board of Supervisors passed an order yesterday calling a special election to determine whether or not the bonded indebtedness of Los Angeles county shall be refunded at a reduced rate of interest. Bonds to the amount of \$680,000 are out against the county, upon which an average rate of 5 1/2 per cent. interest is paid. Under the refunding scheme a reduction of 1 1/2 per cent. will be made. The date of maturity is deferred several years, however.

Judge Van Dyke granted a divorce to Helene Ehlers from P. W. Ehlers yesterday, allowing the plaintiff \$20 a month alimony. The couple had been previously divorced and married again.

## AT THE CITY HALL.

### SPOILSMEN FOILED.

ANOTHER EFFORT TO OUST THE POLICE COMMISSIONERS.

The Four Conspirators Make One More Attempt to Secure Needed Fifth Vote, but It Proves Unsuccessful—Bids for Fire Hose.

There was sore discomfiture among the four political frontmen of the city Council when their plans for a wholesale seizure of City Hall patronage were made public in The Times. Naturally they promptly took refuge in denials, and their protestations of innocence were loud and long. Hutchison was especially vehement in his virtuous declarations that he was no party to the plot, and he vowed that even if Ashman and Grider and Blanchard had entered into such a conspiracy, his own skirts were clear.

Despite all disclaimers, the facts are unquestionable. The four schemers for spoils have been engaged in a plot to oust two or more of the Police Commissioners for the purpose of getting control of the patronage of the department. Their plan was to secure a change of policy toward the saloon men, who find the restrictions now imposed upon them very irksome.

The two Democrats, the Populist and the recreant Republican, who planned this raid for spoils, constitute one less than a majority of the Council. They made every effort to secure Nickell's vote, but he refused to lend himself to their scheme. Although baffled in this direction, their plans were not abandoned.

Yesterday overtures were made to Baker. He was invited to ally himself with the gang and assist in delivering the police to the hands of the conspirators. Baker emphatically declined. He absolutely refused to lend his support to the scheme. Threats and promises failed to move him.

The disappointment of the conspirators was great. Although Baker has never allied himself with them, they had convinced themselves that they could bring him into line. His decisive refusal has again left them at sea.

Commissioner Gibson is the chief object of attack. He has been particularly displeasing to the saloon element. There have been repeated instances where Mr. Gibson has antagonized saloon interests. A recent instance being the case of Henry Gorman's application for a saloon license in the new Armory building at Eighth and Spring streets. Strong protests have been presented against granting this license, but they would probably have been unavailing but for the position taken by Mr. Gibson. He has vigorously opposed the granting of the license. The matter is still under consideration by the board.

If the conspirators could succeed in removing even two of the Police Commissioners they might be able to carry out their ulterior designs. Chief Glass would be fired with all possible expedition, and every conceivable effort would be made to secure his place.

A minor issue, which has developed as the result of the conspiracy, is the fight over the appointment of a Meat and Milk Inspector. The appointment will probably be made next Monday, and it has been the occasion of much wire-pulling. Considerable opposition has been developed against Hughes, who was originally slated for the place, and who has been a constant thorn in the side of the conspirators. This bit of political maneuvering has been found to be a very important factor in the issue of this contest. It may have an important bearing upon the larger schemes outlined.

## FIRE-HOSE BIDS.

### Bidders Address the Commissioners. Decision Expected Today.

The Fire Commissioners are wrestling with the problem of awarding the contract for fire hose. Representatives of the seven bidders who are competing for the contract appeared before the commissioners yesterday morning to urge their claims.

In several instances the bidder has named prices upon two or more grades of hose, but the cheaper grades have been disregarded by the commissioners.

ers, as it is their intention to purchase only a first-class article. A comparison of the bids shows that five of the seven bidders ask the same price, 80 cents per foot, for the best grade of hose. Of the remaining two bidders, the W. C. Furey Company asks 75 cents for a hose hitherto untried in Los Angeles, and the Crane Company offers Imperial hose at 86 cents. The latter bid has been practically ignored.

The only hose made in this State is the Victor Jacot, handled by Harper, Reynolds & Co., and offered at 80 cents. Mr. Bowers of San Francisco addressed the Fire Commission yesterday in support of this bid. He described in detail the process of manufacturing the hose, and stated that the Victor is fully equal to any other hose in the market. He devoted some time to an attack upon the Dragon hose, offered by the W. C. Furey Company at 75 cents. This Mr. Bowers described as a cheap grade of hose, of inferior quality. The charge had been made that the Victor hose was offered in Spokane at 75 cents, but Mr. Bowers declared that the only authorized price was 80 cents.

The representative of the Paragon hose, which is made in California, spoke very briefly, merely saying that he should make no attempt to deny the hose of his competitors and that he was satisfied to let the past record of the Paragon brand speak for it. This brand has been in use in this city for years.

The merits of the Bay State hose, offered by the Cass & Smurr Company at 80 cents, were detailed by Mr. Chapman, who declared that it was impossible that any hose made in this State could be equal in quality to hose which has been manufactured in the East by a firm that has been in the business for fifty years past.

A strong plea was made for the Baker hose, offered by C. B. Baker, which is made in California. The strong points of this brand and showed its alleged superiority to other makes. The bidders offered to have the hose tested in this city as a means of bringing them within the home-products law, provided the entire contract were awarded to them.

The Mastiff hose was offered by the California Hardware Company at 80 cents. Its advocate declared it the best offered to the city.

In behalf of C. F. Furey Company, Mr. Furey described the merits of the Dragon hose, offered at 75 cents. He said that his company had sold the Los Angeles fire department hose for the past twenty-six years than all the other concerns put together. Mr. Chase, representing the New York Hose and Rubber Company, the manufacturer of the hose, denied emphatically that the Dragon is a cheap or inferior grade of hose.

This concluded the presentation of arguments to the commissioners adjourned to the Mayor's office to consider the bids in executive session. A quarter of an hour later the Mayor emerged and announced that no decision had been reached and that the matter would be taken up again at 10 o'clock this morning.

There is much speculation as to the final decision of the commissioners. As yet they have made no careful inquiry among the men of the fire department as to the merits of the different brands of hose. It is well known that three or four brands have had the test of several years' use in this city, and one in particular has proved itself to be the most reliable.

The City Attorney's report relative to the right of the Boiler Inspector to inspect fire engines was received and filed.

On the recommendation of Chief Moore, the department was granted permission to erect a steam engine and boiler on East Eleventh street near the city hall.

The petition of the Herald Publishing Company to erect and operate a thirteen-horse-power boiler on No. 138 South Broadway, to be used for heating purposes, was referred to Chief Moore with power to act.

The petition of Percy Whitaker for permission to erect a carriage shop at No. 74 South Main street was referred to the Chief.

The bid of W. H. Joyce for supplying the department with rolled barley and bran was received, but action was deferred one week. Joyce has held a similar contract during this year and recently made a stentorian roar over an alleged failure of the fire board to live up to the terms of the contract.

The petition of Miller & Young for permission to erect a carriage shop at No. 74 South Main street was referred to the Chief.

The bid of W. H. Joyce for supplying the department with rolled barley and bran was received, but action was deferred one week. Joyce has held a similar contract during this year and recently made a stentorian roar over an alleged failure of the fire board to live up to the terms of the contract.

## BOND ELECTION CALLED.

### PROCLAMATION ISSUED BY THE SUPERVISORS.

Proposition to Refund the County's Bonded Indebtedness at a Reduced Rate of Interest—Time for Payment to Be Extended.

The Board of Supervisors passed an order yesterday afternoon calling a special election for Saturday, December 12, to determine whether or not the bonded indebtedness of the county shall be refunded.

As a reason for the proposed refunding of the bonds the board states that a saving can be effected in interest. The average interest on the outstanding bonds is 5 1/2 per cent. A reduction to 4 per cent. straight can be made by refunding.

The bonded indebtedness of the county at the present time is \$680,000, most of which was incurred through the construction of the new County House. The amount is represented by bonds as follows:

Date of bond—Rate. When due. Amount.  
1932—6 per cent. 1937 \$125,000  
1933—6 per cent. 1938 23,000  
1934—6 per cent. 1939 27,000  
1935—6 per cent. 1940 125,000  
1936—6 per cent. 1941 200,000  
Total \$600,000

Interest is paid semi-annually. Under the terms of the proposed refundance the total amount will be divided into annual payments of \$60,000 each, beginning with January 1, 1937, and continuing till 1952—a period of twenty-five years.

It is understood that the board is not a unit as to the wisdom of extending the bonds over such a long period. While the rate of interest is greatly reduced, the extension of the term of the bonds will result in the county being forced to pay just as much in the long run as would be required under the terms of the bonds now outstanding.

The board, accompanied by the County Surveyor, will visit Palmdale and Lancaster tomorrow to locate a road through the Leonis Valley. The County Health Officer was instructed to examine into the sanitary condition of Los Angeles near the sheep ranch, numerous complaints having been made.

Upon motion of Hanley, \$30,000 was transferred to the University road fund from the same source.

A member of the County Board of Horticultural Commissioners was delegated to attend the meeting of the Los Angeles Horticultural Society on November 15, the appointing power being left to the county commission.

The culvert constructed on Michigan avenue was accepted, upon motion of the investigation committee.

P. Esplan was denied a license to conduct a saloon in Spadina. George S. Fleming, Constable in San Gabriel Township, was cited to appear and show cause why his office should not be declared vacant.

E. A. Silvey of the Manzana Irrigation District was ordered to appear before the board November 15 and bring the books necessary to show the district's indebtedness. The district directors, it appears, have refused to levy an annual assessment to meet outstanding bonds, and the supervisors will take the matter in their own hands. A resolution was passed as follows:

"Whereas, the board of directors of the Manzana Irrigation district, in this county, has refused and neglected to cause an assessment and levy to be made for the payment of the annual interest on its outstanding bonds, as provided by law, and by reason thereof the duty devolves upon the board to make said levy, therefore be it

"Resolved, that the County Assessor be and is hereby directed to prepare an assessment roll containing the assessable property within said Manzana Irrigation District."

**VIOLENTLY INSANE.**  
Kate Klein Committed to the Highland Asylum.

Mrs. Kate D. Klein was committed to the Southern California Hospital by Judge York yesterday.

Mrs. Klein's case is a sad one. Six weeks ago she became the mother of a second child. Naturally nervous and very frail, she became ill, but soon after partially recovered. The elder child, a girl, 6 years of age, was afflicted with hip disease in one of its worst forms, and it was necessary to take her to a sanitarium. The children had to suspend her from the ceiling with weights upon her lower limbs in order to prevent contraction during an operation about to be performed.

The agony thus caused to the child affected the mother's mind, and she became hysterical. This was followed by evidences of mental derangement. Mrs. Klein grew gradually worse, until she became a raving maniac. The woman labored under the delusion that her child was going to be killed, and that she, herself, was to be chloroformed by the physicians who, she believed, intended to take her life.

**McCOMAS'S ENTHUSIASM.**  
Exceptions to His Argument in the Cantwell Case.

Theodore Cantwell, convicted of manslaughter on a charge on which he was sentenced to the death of Mollie Phelan at the Richmond House in July last, was to have been sentenced by Judge Smith yesterday, but through a technical move on the part of his attorney a continuance was obtained. J. Noonan Phillips, Esq., who defended Cantwell, moved that a new trial be granted, submitting an affidavit in which Deputy District Attorney McComas was charged with unfair conduct at the trial of the case.

The prosecuting attorney is charged with having become "boisterous, extravagant, intemperate and even abusive" toward Cantwell in his closing argument before the jury, and most of the assertions made were alleged to have been contrary to the evidence. Attorney Noonan presented a transcript of the reporter's notes to substantiate his representations. Cantwell is branded as a macabre and a good-for-nothing fellow by McComas. "He was an associate of a prostitute," he said, "and I said, 'and I was worse than Mollie Phelan.' He lived upon the profits of her shame—one of the most despicable acts of which a man could be guilty. The woman is dead. God knows she was once pure and virtuous. A man led her astray, and she started on the road to vice. Great God, if there is any class of people I have sympathy for it is the fallen woman, because I know that when they have started downward only the power of the Almighty can save them."

Mr. McComas is charged with having laid much of the Phelan woman's downfall to Cantwell, in which he was not supported by the evidence. William Johnson, who testified at the trial that he saw the Phelan woman fall to the floor on the night of her death, came in for a roasting in Mr.

McComas's argument, as appears from the transcript.

"Here is the testimony of the colored gentleman, Mr. Johnson," said the attorney. "If he was a beauty I never saw one in my life. He was a fit lodger for the crowd that frequents that 'shebang.' And wasn't he a lovely, sweet-scented specimen?"

To such remarks as these Attorney Phillips took exception, holding that an undue influence had been brought to bear upon the minds of the jurors, and that a new trial should be granted.

Judge Smith agreed that Mr. McComas frequently grew intemperate and abusive, but he held that he had become accustomed to it that he had ceased to take note of his "remarks." He thought the best thing to do was to allow McComas until this morning to file a counter affidavit in explanation, and it was so ordered.

**THE CITY LOSES.**  
Contractor Robb to Recover on His Security Check.

Judge York has decided against the city a suit brought by Contractor W. B. Robb to recover \$1300 on a certified check which the City Council declared forfeited. Robb had contracted to erect a school building at Gates and San Pedro streets, but after the acceptance of his bid by the Council he discovered, he says, that an error had been made in the estimates, and that if he completed the contract he would be forced to suffer a heavy loss. He therefore refused to continue the work of construction, and his check was declared forfeited. Suit was brought against the city several months ago, culminating yesterday in favor of the contractor.

**A JUSTICE'S "BULL."**  
Riddle Is Allowed Another Examination Before House of It.

Through the bungling work of Justice Samuel Owens of Los Nietos in making out an information, Earl Riddle, bound over for grand larceny, will obtain a new preliminary examination. In making out the information Justice Owens charged Riddle with the theft of a bicycle alleged to be of a value of \$150 dollars, or thereabouts.

Just how much Owens estimated the bicycle to be worth Judge Smith confessed an inability to determine. Although he had an inkling of an idea concerning the free silver issue, Riddle and Elizabeth Lakewood, who were charged with grand larceny and the value of the articles valued at \$50 and over, Judge Smith said he was not certain as to the justice of the charge. So he ordered that the defendant be allowed another examination in the lower court.

**HER SECOND DIVORCE.**  
And the Same Man Is Twice Made Defendant.

Helene Ehlers obtained a second divorce from P. W. Ehlers in Department Four, although it is less than seven years since the couple were married. The husband made a vigorous defense. He entered a cross-complaint in which charges equally as serious as those preferred against him were made against the plaintiff. Both alleged cruelty.

Mr. and Mrs. Ehlers were married in Germany and came to this country. Disagreements arose, and the wife sought and obtained a divorce. A few months later a reconciliation was effected in this city, and upon the former husband's promises to do better, he was forgiven and remarried to Helene.

## KLEIN'S,

### 102-104 South Main St. One door north Orpheum Theater.

## Open Tonight!

### Until 9 O'clock.

A number of people who are unable to make their purchases during the day, and wishing to take advantage of this

## Great Retiring Sale

Of ours, for their benefit we will keep our store open this evening until 9 o'clock.

All our Men's Suits and Overcoats are being sold at prices that paralyze competitors. And the effect of this great slaughter of Rich, Stylish, High-quality Clothing will go thundering down the ages as the Greatest Money-losing Sale in the history of the clothing business.

Look for the Red Signs.

## BROWN BROS.

### 249-251 South Spring St.

was also stated to be much in need of funds for the running expenses, which averaged \$10 a month, while the subscriptions amounted to but \$50 a month.

Mrs. C. H. Bosbyshell was reelected president; Mrs. E. A. Watson, first vice-president; Mrs. Brainerd Smith, second vice-president; Mrs. J. B. Brown, secretary, and Warren Gillette, treasurer. Mrs. M. H. Finney was elected financial secretary, and the board of trustees, which was reelected, includes James Bosbyshell, J. B. Brown, Watson, J. E. Murray, E. A. Forester, A. H. Carey and James Luckenbach.

The whole house was thrown open for inspection, and prettily decorated for the occasion with chrysanthemums, roses and smilax.

## MASONIC RITES.

OBSERVED AT THE FUNERAL OF  
CHARLES F. SMURR.Brought from San Francisco for  
burial and interred in Rosedale  
Cemetery—Wagon-loads of Flow-  
ers—Honored also by the A.O.U.  
W. and Board of Trade.All the local offices of the Southern  
Pacific Railroad Company were closed  
yesterday afternoon from 1 to 3 o'clock,  
out of respect to the memory of the  
late Charles F. Smurr, general freight  
agent of the company, who died at  
San Francisco last Sunday, and was  
brought to Los Angeles yesterday for  
burial.The three cars comprising the funeral  
train came in with the regular 1:20  
o'clock train, and were backed down  
into the spur track at the Arcade De-  
pot. These cars were the funeral car  
containing the body of Mr. Smurr  
and the many costly floral offerings  
which came down from San Fran-  
cisco; the private car of the railway  
officials, and the sleeping-car provided  
for the family and friends of the de-  
ceased.At the depot, the train was met by  
the members of Pentalfa Lodge, No.  
202, F and A.M., to which lodge Mr.  
Smurr had belonged. About twenty-  
five members of the A.O.U.W. were  
also present, and many friends. The  
Masons drew up in order beside the  
train, and all uncovered as the fu-  
neral car rolled into the spur. Owing  
to the excellent arrangements made  
by Mr. Hines, himself a Mason, every-  
thing passed off like clockwork, and  
the procession was formed without de-  
lay. The Masons drew up in double  
line, and the casket, covered by a pall  
of solid violet and decorated with the  
Masonic emblem in flowers, was borne  
to the waiting hearse. The eight act-  
ing pall-bearers were: J. B. Lanker-  
shim, Joseph Cramer, Jacob Baruch, W.  
A. Morgan, Masons; Walter Devereaux  
and Mr. Graham, A.O.U.W.; Charles  
Johnson and George Boole. These car-  
ried the casket, which was preceded  
by the eight honorary pall-bearers: F.  
H. Goodman, general passenger agent;  
C. J. Wilder, freight auditor; G. W.  
Fletcher, general agent; D. W. Luce,  
assistant general freight agent, all of  
San Francisco; Charles Seyler, freight  
and ticket agent, and A. D. Shepard,  
assistant general freight and passen-  
ger agent of the local Southern Pacific  
offices; Maj. McKee and Mr. Lowe,  
friends.The Masons and members of the A.  
O.U.W. preceded the hearse on foot,  
the pall-bearers marching on either  
side, from the depot to Sixth street  
and Towne avenue, from which place  
the procession went on in carriages to  
Rosedale Cemetery.In front of the receiving vault in  
the cemetery was placed a handsome  
catafalque, draped with black. The  
whole interior of the vault was a mass  
of flowers, and the larger floral pieces  
were artistically arranged about the  
entrance, forming a brilliant back-  
ground to the catafalque. When the  
procession halted, the casket was  
placed on the catafalque and covered  
with flowers. The solemn Masonic  
burial service was read, and then the  
casket was borne into the vault, where  
the Masonic rites of interment were  
performed.Elaborate flower pieces were sent by  
H. E. Huntington, San Francisco; J.  
M. Crawley, Paris, France; W. G.  
Nimyer, Chicago; A. J. Hochim, Los  
Angeles; the employees of the  
Southern Pacific Railroad Company,  
and many others.President P. M. Daniel of the Board  
of Trade appointed Directors M.  
Newmark and W. A. Henry to repre-  
sent that body at the funeral. During  
his residence in Los Angeles, Mr. Daniel  
was a member of the Board of Trade,  
the death of Mr. Crocker and Mr.  
Smurr the Southern Pacific Company

NEW HELLMAN BLOCK, CORNER SECOND AND BROADWAY.

has lost two officials of more than  
usual ability.

## Climate and Crops.

The Weather Bureau's bulletin for  
the week ending November 1 says the  
weather was clear and somewhat  
cooler the past week, with occasional  
light frosts in the mountain sections  
of the northern portion, occurrences  
which are to be expected at this sea-  
son in those localities. Considerable  
drying desert winds prevailed which  
were good for raisin-making, but  
tended to dry out the soil and retard  
plowing and seeding. There were high  
northerly winds on October 24, which  
caused some damage to trees and the  
apple crop. The damage to the raisin  
crop from the late rains was not ma-  
terial, as the Weather Bureau fore-  
casts were given wide distribution  
which enabled necessary precautions  
to be taken to protect drying grapes.  
Bean threshing is generally finished  
with a good average yield; oranges are  
coloring fast, and ripening much  
earlier than usual. The walnut crop  
has nearly all been gathered, and in  
excellent condition. Orchard ground is  
in good condition, though in some  
cases irrigation is being done on ac-  
count of the drying winds. The  
Los Angeles city—Weather was clear  
and slightly cooler, with considerable  
drying northerly winds. No rain dur-  
ing the week, but generous rains,  
amounting to 2.47 inches fell in Octo-  
ber. Highest temperature, 77 deg.;  
lowest, 45 deg.South Los Angeles—Weather was  
clear and cool. Late fruit developing  
finely; orchard ground in good con-  
dition for cultivating. Highest tem-  
perature, 74 deg.; lowest, 52 deg.

## Little Boy and a Stone.

William Dolantz of No. 111 Buena  
Vista street was brought to the Re-  
ceiving Hospital yesterday afternoon,  
suffering from a contusion on the left  
side of his face. While passing the  
Temple-street school, Dolantz came be-  
tween a stone, thrown by Nathaniel  
Brown, and the target, a dog. Several  
witnesses informed Officer Robbins,  
who investigated the matter, that the  
striking of Dolantz was purely acci-  
dental, and no arrests were made. Do-  
lantz was taken to his home in a cab,  
complaining greatly of pain, but appar-  
ently not seriously hurt.

## THE HELLMAN BLOCK.

A HANDSOME IMPROVEMENT FOR  
UPPER BROADWAY.Commodious and Up-to-date Interior  
Arrangements—Rooms and Stores  
Nearly All Rented—Southern Cal-  
ifornia Material Utilized—Accom-  
modations for Two Newspapers.Some surprise has been expressed  
from time to time at the fact that I.  
W. Hellman had not erected in Los  
Angeles a business block that should  
be worthy of his high standing and  
reputation as a successful banker, cap-  
italist and real-estate owner. Mr. Hel-  
lman may be occasionally somewhat  
conservative in making improvements,  
but he is always sure, and when he  
takes a step forward he does not have  
to retrace it.The new Hellman Block, which has  
just been completed at the northeast  
corner of Broadway and Second streets,electric light, all wires being run in  
conduits.The stores and rooms have been so  
well planned that they were quickly  
engaged, and although the building is  
as yet scarcely completed, nine out of  
ten of the store rooms are occupied  
and in possession of the tenants, who  
are busily engaged in fitting them up.  
The large plate-glass show windows  
and the high ceilings, with remarkably  
good light, have combined to make  
this building much sought after by  
tenants. On the second story all the  
rooms are rented, and many of those  
on the third story. Considering the  
number of business buildings that have  
been erected lately, this is quite re-  
markable.A space equal to the width of two  
stories, narrowing down to the width  
of one story on the ground floor—that  
is to say 4x30 feet above, and 2x30  
feet on the ground floor—together with  
a basement room of 4x30 feet, is oc-  
cupied by the Herald Publishing Com-  
pany, the Evening Express Com-  
pany, the building having been, to a  
certain extent, designed by Mr. Hel-  
lman for the joint occupancy of these  
two newspapers. The rehabilitation of  
which he has taken a practical in-  
terest. The Herald has its businessoffice on Broadway, and the Express  
on Second street. In the basement,  
eleven feet in height, will be the pres-  
sroom of both papers; in the second  
story their linotype machines, and  
typing plant, etc., and in the third  
story the editorial rooms of both pa-  
pers, all being airy and well lighted.  
The main power electric light. There  
is access to the pressroom in the bas-  
ement, from the rear of the building,  
where the mechanical departments of  
the two journals come together. This  
arrangement was specially designed to  
facilitate the mechanical work of the  
papers—one a morning paper, the other  
an evening sheet. In the rear of the  
basement will be the boilers and heat-  
ing apparatus.Beginning at the east end of the  
building, on Second street, and going  
around to the Broadway front, the  
ground floor will be occupied by the  
following firms: The Pacific Cycle  
Company; Otto C. Sens, the tailor;  
Fowler & Colwell, the booksellers; O.  
L. Wuerker, jeweler; Express business  
office; Fox, the hatter and furrier;  
D. A. Stanton, real estate and insur-  
ance agent; R. Grant, J. W. Hinton  
and M. T. Whitaker, real estate and  
loans, and the Herald office.This building is a decided acquisition  
to the upper part of Broadway, and  
will doubtless contribute to the re-  
tention of the business center where it  
now is, retarding the southerly march  
of business houses which has been  
quite rapid during the past year.

## Accused of Stealing a Finger Ring.

Jessie Williams, colored, was arrested  
yesterday by Detectives Steele and  
Bradish on a warrant charging her  
with petty larceny. The complaining  
witness is Mrs. J. Mollie of No. 950  
Hemlock street. She alleges that Jessie  
stole the ring while employed by her as  
dressmaker. Jessie wore the ring when  
arrested, but avers that she found it.  
Bond was given for her appearance.

## THE TIMES ALMANAC.

From now until January 1, 1898, this al-  
manac will be given free with every prepaid  
three-months' (\$2.50) subscription to the Daily  
Times, or with every prepaid (\$1.50) yearly  
subscription to the Saturday Times and  
Weekly Mirror, or upon the receipt of 25 cents  
cash, will be mailed, postage paid, to any  
address.The outside finish of the building is  
of polished white Port Orford cedar. Each  
room in the building is furnished  
with a large closet, and stationary  
washbowls with silver-plated trim-  
mings. All of the window glass is of  
the finest polished plate. The roofs of  
the courts are of heavy copper. The  
toilet rooms and lavatories are fitted  
up with the latest and most sanitary  
plumbing fittings. The floors are of  
encaustic tiling, and the walls of  
glazed tiling. Pink marble from Ten-  
nessee is utilized, with metal work of  
brass, silver plated. On each floor are  
two large toilet rooms. The building is  
piped throughout for gas and wired for

## "Cupidene"

Renews the  
worn-out tis-  
sue and  
weakens  
vitality of  
him who is  
on the verge  
of Nervous Ex-  
haustion. This great Vegetable Vitalizer  
the prescription of a famous French physician, will cure  
you of Nervous Debility, Physical Debility, Atrophy, Var-  
icose and Exhausted Vitality. It puts vigor, vitality  
and life into the patient. "Cupidene" cures nervous  
disorders, pimples, pains in the back, sleeplessness and constipation; is good for liver  
and kidneys. "Cupidene" strengthens and restores weak organs. The reason sufferers  
not cured by doctors is because ninety per cent. are troubled with Prostatitis. "Cu-  
pidene" cures without an operation. A written guarantee given and money refunded if it  
boxes do not cure. 41 a box 6 for \$5. Send for free circular and testimonials. David

## RANDSBURG.

## Mines That Have Paid For All Development Work.

RANDSBURG, Nov. 3.—[Regular Correspondence.] The Rand mines are seven in number, Rand, Olympus, Trinity, Yellow Aster, Santa Ana, California and Big Horse. The principal ones so far developed are the Rand, Olympus, Trinity and Yellow Aster. Nearly all the work has been done on these four and a force is now working on each. The men who own these mines have not worked together always harmoniously, but their differences have not stopped work, and they have fifty men in the payroll. It is understood that a settlement of their difficulties was about accomplished last week. The Rand mine has been developed to the point where it is now producing 100 tons of ore a day. The Olympus mine has been developed to the point where it is now producing 100 tons of ore a day. The Trinity mine has been developed to the point where it is now producing 100 tons of ore a day. The Yellow Aster mine has been developed to the point where it is now producing 100 tons of ore a day.

## PASADENA.

## GOV. McCORD AND EX-GOV. HUGHES IN PASADENA.

They Came from Arizona to Personally Throop Prof. M. M. Parker of the Terrestrial University—Celebration of a Silver Wedding.

PASADENA, Nov. 3.—[Regular Correspondence.] Gov. Myron H. McCord and ex-Gov. L. C. Hughes of Arizona, who are present chancellors of the Terrestrial University at Tucson, arrived in Pasadena this morning on the overland and at once repaired to Throop Polytechnic Institute, where they formally tendered Prof. M. M. Parker, vice-president of the Terrestrial University, the presidency of the institution. A conference followed in the afternoon, at which the board of trustees of the institution, and a telegram stating that Prof. Parker would accept the position and assume charge of the university the next week was sent to Tucson.

Prof. Parker is a scholarly, able educator and while the Arizona University is to be congratulated upon securing his services, Throop Institute is hard to fill his place. He is conservative, broad-minded, and his friends in Pasadena feel that he is well qualified to fill the position of head of the principal university of the state.

The board of trustees of Throop will not stand in the way of Prof. Parker's accepting what they term a well-merited promotion, and, while regretting to lose his valuable services, they take pride in the fact that such excellent presidential timber was found in the faculty of Throop.

CELEBRATED THEIR SILVER WEDDING. Mr. and Mrs. Jacob Helmeke of East Colorado street celebrated the twenty-fifth anniversary of their wedding this evening at their home, and in the presence of a large number of friends they were remarried by Rev. William Jones. The home was elegantly and artistically decorated. The parlor, in which the couple again pledged their vows, was festooned with bunting and garlands, and the ceremony, which was a perfect canopy, and in the center of the canopy hung a large bell of pure white chrysanthemums, under which Mr. and Mrs. Helmeke stood during the ceremony. On either side of the altar were the figures of "Love" and "Fidelity," and the wedding march was played by Miss Lule O'Connell of Los Angeles.

PAID HIMSELF IN RAZORS. Walter L. Jones, a barber shop and has had an employee for some time past named Harry Rivers. Yesterday Rivers is alleged to have imbibed too much of a liquid and did not go to work. Jones, who is a suit was a scrap over the payment of a quarter. The story as told by the Marshall is that Rivers went into Jones' shop and said he would cut work, and asked Jones to pay him 25 cents that he had earned. Jones refused to do so, and Rivers, who is a suit, was a scrap over the payment of a quarter. The story as told by the Marshall is that Rivers went into Jones' shop and said he would cut work, and asked Jones to pay him 25 cents that he had earned. Jones refused to do so, and Rivers, who is a suit, was a scrap over the payment of a quarter.

GRAND LODGE GOOD TEMPLARS. The Grand Lodge of Good Templars, which convenes in Pasadena next week, has arranged a program, as follows: On Tuesday evening, a reception will be tendered the Grand Lodge officers and delegates from the various districts, at which addresses of welcome will be delivered on behalf of the city, district, the local lodge and the various societies. The program is being arranged by the local lodge and the various societies.

ASADENA BREVIETTES. Superintendent of Streets Buchanan is still engaged in cleaning out the Los Robles-avenue sewer, and thus far has removed bricks and rubbish enough to make a good road. It is surmised that when the sewer was in course of construction a heavy rain came and caused a manhole to cave in, and the contractor never cleared away the debris. The expense to the city will be considerable. S. Torrance assisted the city engineer and receiver and manager of the Mt. Lowe Railway. He will at once close Alpine Tavern for the present, but the Echo Mountain Hotel will be kept open. He takes the place of the three receivers who have been acting for some time past.

WOODMEN OF THE WORLD IN PASADENA. The Woodmen of the World in Pasadena have engaged the Grand Lodge of Good Templars to take them to Azusa and return. The steel spans for the Hotel Green arch across Raymond avenue were put in position today. J. D. Nash will leave for Chicago tomorrow. New table linens. Bon Accord. Special candy sale at McCann's Saturday.

## HOBOS REVOLT AND ATTACK A GUARD AT THE JAIL.

Barlow Acquitted of Burglary—Fall in the Price of Walnuts—Chambers of Commerce Meeting—Pasadena Harbor-Buena Park Complaints of a Nuisance.

SANTA ANA, Nov. 3.—[Regular Correspondence.] An insurrection broke loose at the County Jail this morning, which, but for being quelled in its incipient stage, would have resulted in a riot. The riot was caused by the keeper of the hobo gang, Robert Moffatt, who had a narrow escape from death, being pinned to the ground by two of the ruffians while the remainder of the gang were pulling on top of him, using their picks and shovels as weapons. The interference of Harry Ryan, who stood off the gang with a revolver, was all that saved Moffatt.

Barlow sustained a bad cut on the side of the head, while Ryan narrowly escaped being hit over the head by a brick. The riot was caused by the keeper of the hobo gang, Robert Moffatt, who had a narrow escape from death, being pinned to the ground by two of the ruffians while the remainder of the gang were pulling on top of him, using their picks and shovels as weapons. The interference of Harry Ryan, who stood off the gang with a revolver, was all that saved Moffatt.
